HEADQUARTERS 167th AIRLIFT WING (AMC)
222 SABRE JET BLVD RM 107
MARTINSBURG WEST VIRGINIA 25401-7704

7 April 2005

MEMORANDUM FOR RECORD

FROM: 167AW/CC

SUBJECT: 167AW Environmental Policy Statement
Supercedes 24 February 2005 letter, same subject

Our installation's primary mission is to provide tactical airlift and provide trained tactical-ready personnel capable of global deployment in support of national or state emergencies. We are committed to continued excellence, leadership, and stewardship in protecting the environment. Environmental protection is a primary management responsibility as well as the responsibility of every worker and supplier involved with aircraft maintenance aerospace ground equipment maintenance, facility maintenance, and administrative facility support. In keeping with this policy, our vision is to reduce waste through pollution prevention, continually improve our environmental performance by minimizing our impacts on the manmade and natural environment, and maintain compliance with all federal, state and local environmental regulations at all times.

1. Environmental protection is a line responsibility and an important measure of worker performance. Every worker is responsible for environmental protection in the same manner as personnel and worker safety.
2. Compliance with all federal, state, and local environmental regulations is paramount in all we do, but additional emphasis will be placed on reducing our impact on clean air in the local area.
3. We are committed to reducing or eliminating the generation of waste. This will be a prime consideration in all future decision-making.

A handwritten signature in black ink, reading "William R. Gain".

WILLIAM R. GAIN, COLONEL, WVANG
Air Commander
